COURSE DESCRIPTION

- Designed to **develop scientific communication skills** with the following objectives:
 - Facilitate strategies for a more effective communication, analyzing strengths and areas for improvement in the presentations made.
 - Evaluate scientific synthesis ability and graphic presentation in poster format.

- Aimed at **3rd/4th year (SERMEF) and 4th/5th year (SPMFR) REHABILITATION residents**.
 - Necessary requirements: be exercising in Portugal or Spain.
- Sponsored by **IPSEN PHARMA Iberia**.
 - Course participants will be invited by the medical representatives of this laboratory.
- **Sponsored by SERMEF and SPMFR.**

COURSE STANDARDS

- ★ **1** Each participant will have to present a scientific poster in public (3 minutes).
 - a. Only one abstract per participant will be accepted.
 - b. The subject must be related to the rehabilitation speciality. In case any medicine is mentioned, its use must be in accordance with the information given in the approved summary of product characteristics (SmPC) (from Spain or Portugal).
 - c. Presentations and subsequent discussion of each poster will be conducted in English.

- ★ **2** Students will be divided into two groups and two best presentations of each group will advance to the final.
- ★ **3** A prize will be awarded to the best "Rising Star", assessed by an independent jury, consisting of an invitation to an International Congress with a European destination and the other finalists will be invited to the next edition of the SERMEF or SPMFR Congress.
- ★ **4** The course **registration** and each **poster submission** will be done **through the SERMEF website** in two steps:

- a. Course registration and poster abstract submission, until February 2, 2024 or when the quota of 30 participants is filled.
- b. The poster delivery, from the announcement of acceptance of the abstract, until March 1, 2024 at 24:00h.

- ★ **5** The number of participants has been set at a maximum of 30.
 - a. Registrations will be accepted by strict order of entry.
